

Homemade Anti-Gnat Spray

Ingredients

- 30 drops citronella essential oil
- 20 drops peppermint essential oil
- 10 drops rosemary essential oil
- ½ cup natural witch hazel
- 1 t. vanilla extract

Instructions

1. Place essential oils in a glass spray bottle.
2. Pour in witch hazel and shake to combine.
3. Add water and shake again.
4. Shake before each use as the oils and water will naturally separate some over time.

NOTE: Gnats hate vanilla extract ... don't skip it! And be sure you're using authentic, true essential oils.
